> **Flemington** Address: 400.00\$ Price:

Designed from the ground up with the quality and reliability you've come to expect from WD and backed by a two-year warranty, My Cloud EX2 is a high-performance, two-bay NAS for your home or small office. Expandable storage. Choose a populated system that works out of the box, featuring WD Red hard drives. Or, build your own NAS with our diskless enclosure and add up to two drives of your choice. Easy to set up, easy to manage. Effortlessly install drives or hot swap with WD's advanced, all-metal enclosure design. WD's powerful dashboard means you are always in control. Extensive data protection. Manage your data with RAID 0, 1; JBOD and spanning drive modes. Then, protect it with RAID 1, USB, cloud or LAN/WAN backup. Flemington. Brand new still in packaging.
